R. S. CHURCH.

FOR ALL THE PURPOSES OF A

FAMILY PHYSIC.

THERE has long existed a public demand for an effective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical pill, but not easy to make the best of all pills — one which should have none of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative ine is acrimonious and irritating to the bowels. This is not. Many of them produce so much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These pills produce no irritation or pain, unless it arise from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the complaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languer and Loss of Apartite Liver Liver Languer and Loss of Apartite Liver L petite, Listlessness, Irritability, Bilious Headache, Bilious Fever, Fever and Ague, Pain in the Side and Loins; for, in truth, all these are but the consequence of diseased action in the liver. As an aperient they afford prompt and sure relief in Costiveness, Piles, Colic, Dysentery, Humors, Scrofula and Scurvy, Colds with soreness of the body, Ulcers and impurity of the blood; in short, any and every case where a purgative is required.

They have also produced some singularly suc-cessful cures in Raeumatism, Gout, Dropsy, Gravel, Erysipelas, Palpitation of the Heart, Pains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. An occasional dose stimulates the stomach and bowels into healthy action, and restores the appetite and vigor. They purify the blood, and, by their stimulant action on the circulatory system, reno vate the strength of the body, and restore the wasted or diseased energies of the whole organism. Hence an occasional dose is advantageous, even though no serious derangement exists; but unnecessary dosing should never be carried too far, as every purgative medicine reduces the strength, when taken to excess. The thousand cases in which a physic is required cannot be enumerated here, but they suggest themselves to the reason of every body; and it is confidently believed this pill will answer a better purpose than any thing which has hitherto been available to mankind. When their virtues are once known, the public will no longer doubt what remedy to employ when in need of a cathartic medicine. Being sugar-wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

For minute directions see wrapper on the Box. PREPARED BY JAMES C. AYER, Practical and Analytical Chemist,

LOWELL, MASS. Price 25 Cents per Box. Five Boxes for S1.

AYER'S CHERRY PECTORAL, For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

THIS remedy has won for itself such notoriety from its cures of every variety of pulmonary disease, that it is entirely unnecessary to recount the evidences of its virtues in any community where it has been employed. So wide is the field of its usefulness, and so numerous the cases of its cures, that almost every section of the country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried its superiority over every other medicine of its kind is too appa-rent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affect tions of the pulmonary organs which are incident to our climate. And not only in formidable at-tacks upon the lungs, but for the milder varieties of Coldes, Coudes, Hoarseness, &c.; and for Curlingen it is the pleasantest and safest medicine that can be obtained.

that can be obtained. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best that it ever has been, and that the genuine article is sold by—

not color the hair, but acts upon the g-cretions and secre restore their impaired or lost functions. All this the proper etor has a right to say, for if has done all this for him. the age of thirty-seven he was as gray as the man of seventy, and his hair nearly all fallen of; but he now has as abundant crop, and no person would ever imagine that he ever had a gray hair; and his hair is as soft and pliable as though it had been recently cited. This is not an isolate case; it has done the same for many others, as the following certificates abundantly prove. Sr. Patt., Jan. 1, 1855.

Prof. O. J. Wood—Dear Sir: Unsolicited I send you this cer ifficite. After being nearly bald for a long time, and having tried all the hair restoratives extant, and having no faith in any, I was induced, on hearing of yours, to give it a trial. I placed myself in the hands of a barber and had my head rubbed with a good stiffbrush, and the Restorative then applied and well rubbed in till the scalp was all a glow. This I repeated every morning, and in three weeks the young hair appeared, and grew rapidly from August last up to the present time, and is now black, thick and strong— soft and pleasant to the touch, whereas before it was harsh and wiry, what little there was of it, and that little was dis-appearing very rapidly. I still use your Restorative about Chants to his new stock of Fans, Combs, Hair, Tooth and Nail Brushes, Ladies' Reticules, Perfamery, Soaps, Porte Monnaies, Jet and Bead Bracelets, Pocket Books, Dress Buttons, Pins and Needles, Hooks and Eyes, Watch Guards, Wax, Coral and Glass Beads, Necklaces, &c. India Rubber tonics, &c., of the day; and it really gives me pleasure to tonics, ac., of the cay, and recany gives no pieceart to record the result of my experience. I have recommended your preparation to others, and it already has a large and general sale throughout the Territory. The people here saw its effects and have confidence in it. All who have used it here will coincide with me in what I have written. The supply you sent us as the wholesale agents of the Territory is already exhausted, and daily inquiries are made for it You deserve credit for your discovery. I, for one, return you my thanks for the benefit it has done me, for I certainly ail despaired long, long ago of ever effecting any such route I congratulate you that your fortune (and a large one)

J. W. BOND. CARLYLE, Ill., June 27, 1858. I have used Prof. O. J. Wood's Hair restorative, and have admired its wonderful effect. My hair was becoming, as I thought, prematurely gray, but by the use of his Restora-tive, it has resumed its original color, and I have no doubt

I have used no other article with anything like the same pleasure and profit Yours, truly, J. K. BRAGG.

114 Market st., St. Louis, Mo., March 8, 1855. Dear Sir: I am doing an extensive travel in the Western and Southwestern States, as General Agent for Adams' American Liniment, and would be glad if you would favor me with a consignment of Prot. Wood's Hair Restorative, as I feel assured that I can introduce it in many places where it is not known, as my own head is a living testimony of its valuable properties, in restoring hair to its natural color.— I am forty years old, and my hair was almost white, but after using three half-pint bottles, my hair is as beautiful au burn as it was at eighteen, and much improved in appear arce, and I would not be without a bottle on hand for the price of ten. I should be glad to attend to any matter that is connected with the Hair Restorative. I have been for thirteen years engaged in the same business, and will be glad to hear from you soon. My address is Paris, Tenn. Very respectfully,

ian5-1v TO THE PUBLIC

Of the United States. A N advertisement of Mr. UDOLPHO WOLFE, lately pub-lished, as I suppose, intended for the protection of his Schiedam Schnapps against counterfeiters, has come under my observation, and being engaged in the manufacture of Schiedam Schnapps, were I to let it pass without notice through this medium, I might be considered among those he den minates "Pirates and Fenders of Poison;" but he immense patronage and success that has attended the sale of the article manufactured by me, and the opinion of competent judges as to its qualities as a beverage and its medicinal virtues, precludes the possibility of the idea that I am included among those he designs to impugn. No toubt he feels aggrieved at the depreciation of the sale of his Schnapps, which is manifest to all, since mine has been brought into competition with his. Net only have I succeed ed in competing with him in quality, but the constant and increasing demand for my article, has enabled me to furnish it at a less price than he can, or does—say \$2 in the oczen. And, furthermore, he will soon become satisfied that his ca-tion to the citizens of the "Southern and Western State will avail him nothing as 'ar as I am concerned, for the character of my Schiedam Schnapps is too well established in those States, to be injured by any such invidious publication. BARNARD L. SIMPSONS

IT is a lamentable truth that, with few exceptions, every article of food we cat, every article of drink we imbine, is more or less adulterated; and in nothing has adulteration been practiced to such an extent as in speritous, vinous and fermented liquors. So much so, in fact, that it is impossible to procure pure Equors and wines unless obta ed direct from a bona file importer, of known reputati and well established foreign connections.
